

Approved Cleaners

Cleaning Instructions - Residential Cleaners

RE-BATH TUB AND SHOWER CLEANER IS THE RECOMMENDED CLEANER FOR USE ON RE-BATH PRODUCTS.

Use ONLY the Following Approved Household Cleaners:

If diluted properly, the cleaners listed below have been tested and found to be safe to use only on the Re-Bath bathtubs, shower bases and wall systems. **IMPORTANT:** When dilution is required, please follow manufacturer instructions on the label. PLEASE NOTE: Re-Bath/AmBath has not tested the cleaning effectiveness of these products. This may vary depending on the type and amount of soil, water hardness, type of bath soaps used, etc.

* DO NOT use on **marble walls**.

GENERAL CLEANING INSTRUCTIONS:

Use non-abrasive soap and water when possible. Review instructions on cleaner before applying to the installed DuraBath® SSP material. Never use abrasives. Be sure to thoroughly rinse after each cleaning.

WARNING: Do not use harsh chemicals, abrasives, lime removers, toilet bowl cleaners or any chemicals that have not been approved by Re-Bath/AmBath. Use of these chemicals or abrasives will cause a dull surface and/or chemical crazing or cracking or the DuraBath® SSP material.

WARNING: The use of Drano or other harsh chemical drain cleaners is not recommended. The preferred method for cleaning is to remove the drain and use a plumber's snake. If chemical drain cleaners must be used, use a funnel and proceed cautiously. If the drain cleaner comes in contact with the liner it will cause permanent discoloration or damage to the DuraBath® SSP material.

NOTE: Products with an asterisk () may cause damage to your glass tub and shower enclosures. Products containing vinegar, bleach, abrasive or soft or soft abrasive powders and steel or Teflon pads may damage the metal frame or scratch the surface of the glass.

***NOT APPROVED for use on Matte finish walls and/or liners, including EcoBath.

***IMPORTANT: CLEANING THE SLIP RESISTANT BOTTOM:

As needed, scrub gently with a soft nylon brush using any of the cleaners listed above. Use straight Palmolive dish detergent on stubborn stains. **Do not** use abrasive brushes or pads such as ScotchBrite® or any other abrasive products.

Light Scratches or Abrasions: Light scratches can be removed and the original gloss fully restored using the following products: **Micro Gloss, Mirror Glaze, J-Wax Turtlewax or Kit Wax products.**

Heavy Cleaning or Stains: The following products are safe to use, but are not recommended for regular or routine cleaning purposes. Please use these mildly abrasive products only in the event of staining, or when heavy duty cleaning becomes necessary.

For questions regarding product care or to request testing of a specific cleaner, please contact the franchise you purchased your products from or call the corporate office at 800-426-4573.

This cleaning list is current as of 10/18/10. Please discard any previous versions you may have received. Thank you.

Cleaning Tips for Granite

Daily care:

Liquid Dishwashing Soap and warm water or Stone soap (can be found at a hardware store). Clean with a soft sponge or rag, and then wipe up with a dry rag.

Wine Stains

1 cup molding plaster and a little bleach to create a paste. Put on the area stained, and leave for 30 minutes at which time you wipe off with a clean rag, and then can follow-up with the Daily Care instructions to clean all residue off.

Felt Tip

Pour a little Acetone onto a rag (not directly on the top) and wipe the area in circles. Then follow-up with the Daily Care instructions to remove all residue

General Stains

Mix 1 cup flour with 1/2 Tablespoon of dishwashing liquid wipe over the top and cover with plastic over night and then rinse off completely the next day and dry.

Oil-based Stains

1 cup flour and 1-2 Tablespoons 12% hydrogen peroxide. Wipe over the areas needed. Cover with plastic over night and then clean completely.

Organic Stains (coffee, tea, fruit)

12% Hydrogen Peroxide w/ 2-3 DROPS of Ammonia -apply directly to the stain. Sponge off residue.

**You will need to reseal the granite every 1-2 years.

NEVER mix bleach and ammonia

NEVER use Acetic based cleaners or abrasive scrubs

WARNING: Do not use harsh chemicals, abrasives, lime removers, toilet bowl cleaners or any chemicals that have not been approved by Re-Bath/AmBath. Use of these chemicals or abrasives will cause a dull surface and/or chemical crazing or cracking of the DuraBath® SSP surface.

GENERAL CLEANING INSTRUCTIONS: Use non-abrasive soap and water when possible. Review instructions on cleaner before applying to the DuraBath® SSP surface of liner. Never use abrasives. Be sure to thoroughly rinse after each cleaning.

WARNING: The use of Drano or other harsh chemical drain cleaners is not recommended. The preferred method for cleaning is to remove the drain and use a plumber's snake. If chemical drain cleaners must be used, use a funnel and proceed cautiously. If the drain cleaner comes in contact with the liner, it will cause permanent discoloration or damage to the DuraBath® SSP surface.

* Do NOT use on Marble Walls.

** This product is APPROVED on All Gloss material, but is UNAPPROVED for the Matte finishes.

***IMPORTANT* CLEANING THE SLIP RESISTANT BOTTOM:** As needed, scrub gently with a soft nylon brush using any of the cleaners listed below. Use straight Palmolive dish detergent on stubborn stains. Do Not use abrasive brushes or pads such as Scotch Brite® or any other abrasive products. Light Scratches or Abrasions: Light Scratches can be removed and the original gloss fully restored using the following products: Micro-Gloss, Mirror Glaze, J-Wax Turtlewax, or Kit Wax products.
